**Message from Founder President Dr. R. K. Massey**  
**FROM ZERO TO IMMEASURABLE—THE NUMBER OF PEOPLE WE HAVE SERVED.**

**Genesis of HCI:** I give all the glory and credit to the Lord for choosing me to serve His people when I was only 16 years. I lost my parents at that young age and I had no support from any one and was lonely and alone. Then I invoked God with tears and a broken heart and sought His guidance. He gave me the mission that I should serve the “untouchable” humanity. This was the origin of HCI in the year 1984.

**Planting the seed of our Big Tree:** I started my mission with faith and confidence in the Lord, under the shade of a tree in R.K. Puram Sector 1, with three leprosy patients. Every day more leprosy patients joined and as the number increased, it took on the shape of a colony, which was later named Jeevan Deep Kushth Ashram. Unfortunately, due to the pathetic condition of the leprosy patients and the belief that their disease was contagious, they had to earn their livelihood by begging by the roadside.

**My humble service towards them:** I was rendering simple service such as bandaging their open wounds and providing medicine, encouraging them and from time to time providing food according to their taste and liking. I felt

they were part of my family and I loved them and cared for them. Seeing my humanitarian service, some more like-minded people joined me in my mission

**My main motive was that they should stop begging:** I realised that they do not want to beg, and above all, they did not want their children to beg, but they had no choice. Like all parents, they also wanted their children to join schools and study, but no school was willing to give them admission. Hence, I decided that I would open a school and hostel especially for the children of leprosy patients and provide a happy environment and quality education for them.

**Purchase of land:** After 11 years of service of leprosy patients, I managed to purchase a plot of land in Najafgarh through the support of some generous people in 1995.

**Foundation of School Cum Hostel:** On 14th November, 1996, Children's Day, the foundation stone for the school and hostel was laid by Shri B.B. Sahny along with me and many prominent people who had joined me in my humanitarian service. I constructed two big rooms with asbestos sheet roofs, but with no boundary wall or toilets. We began with 12 children taken from Jeevan Deep Kusht Ashram, R.K. Puram, New Delhi in 1997.

I am very grateful to all my benefactors and supporters who have stood by me in my good and bad times. May God shower his blessings upon them and their families for these acts of kindness. With their support and encouragement our organisation has been serving and helping countless disadvantaged members of our society.

**मैं अकेला ही चला था जानिब-ए-मंज़िल मगर, लोग साथ आते गए और कारवाँ बनता गया**

I had started my humble service with three people, but with the passage of time, and by the grace of God and the support of my Patrons, well-wishers, and supporters, now, through our organisation we are improving the lives of innumerable people, in the spheres of education, health, social upliftment, technology, skills, legal aids, save girl child campaigns, save trees campaigns, awareness programs for parents and other schemes and seminars.

**Our most important Future projects:** Star School of Education. This School will be dedicated to the daughters of blind people and of HIV/Aids patients, daughters of widows, and girls of the poorer sections of Society. The motto of the School is Zero to Hero.

Educational studio. Through this studio we will make audio, video and other educational and motivational videos for the career planning for the young, with special focus on blind students.

We shall adopt 100 Villages. Our heart-felt desire is to work in remote area villages to provide computers training and technical training so that they can stand on their feet.

With love and regards

## **HUMAN CARE INTERNATIONAL** **35 YEARS & COUNTING**

Human Care International is an National Organization which has been founded and built on the principles of love, service and understanding. Our aim is to help the children who have been deserted or cast-off by Society, the senior citizens who have been abandoned when they needed their families the most, the mentally retarded who need a place where they feel sheltered and safe, the sick and ailing who have nowhere else to go. We do not concern ourselves about their race, creed and colour, we just look to see how we can help them and bring some hope in their lives.

Today, we are proud of the fact that we have helped over ten thousand people, but we also realise that there are many more miles to go before we can feel that we have achieved any of our goals. Today we have four homes for children in our Najafgarh and other place, and a home for senior citizens, and a 25-bed hospital catering to the neighbor hood and so much more in various parts of our country. We touch lakhs of people through our hospital.

Through this book we would like to share our journey with you. You have been a part of our family for many years and it is only through your blessings and prayers, your contributions and your donations, your support and your encouragement that we have been able to do all that we do.

We hope and pray that you will continue to support us both physically and monetarily, because without this we cannot survive!

God bless all of you and he will shower His choicest blessings upon you, your family and you business with prosperity.

## ***OUR VISION, MISSION & VALUES***

A 16-year-old boy was asking Lord Jesus Christ what was the purpose of his life? Then in the year 1984 God showed Br. R. K. Massey his vision of a leprosy patient sitting and begging by the roadside. He was in a very critical condition and there was no hope in his eyes. God said to Bro. Massey go, love and serve these people. So, one day while he was passing by Safdarjung Road in Delhi he saw a hopeless and debilitated man in the same condition as in his vision. He realised that the Lord had shown him the path, and with love and passion, he started working with leprosy patients who were staying under a tree at R. K. Puram, New Delhi.

Today, his vision has been realised multi-fold and HCI is serving thousands of needy people in different part of India. We have fulfilled the vision by committing HCI towards serving people who need our help,

## HCI PROJECTS ATAGLANCE

### Projects of HCI

- ❖ **New Life Charitable School** – Earlier it was a hostel cum school dedicated to children of leprosy patients. It was our first project. The classes are from 1 to 6. Then they go to the Goodwill Senior Secondary School in Najafgarh. V
- ❖ **Prem Dham – 1 - Home for girls.** This hostel is a home for girls, so that they can live in comfort and in security, knowing that they are loved and cared for. It is dedicated to girls from all over, girls who have been abused; who are children of leprosy patients; or who have been abandoned. Many of these girls have gone on to complete their schooling, becoming graduates, getting degrees such as MBA, MCA and BBA and are now holding good jobs and standing on their own feet.

- ❖ **Prem Dham – 2** – Home for boys. This is a home dedicated for boys. We teach them the values of life, we educate them and we help them move towards higher education and getting jobs, as we do for the girls in Prem Dham-1 These children come from broken homes, from the Jeevan Kusth Ashram, from the streets, and from the police – who bring homeless children to us.
- ❖ **Vishwas Dham Building.** We also call it Kinder Garden - Our little children live here, under the loving care of our caretaker ladies. So many of the children who began life by living here have moved on to Prem Dham and then onto higher education and jobs. This was originally a sick room where children who were not well stayed.
- ❖ **Shanti Dham** – earlier this was a home for senior citizens, but now it is the residence of our very dedicated ladies staff, without whom we would not be able to run our complex.
- ❖ **Royal Palace** – Our senior citizens have moved to the new building known as Royal Palace, where they are assured of a comfortable, hassle-free life, where all their needs are taken care of and where they have friends and companionship.
- ❖ **Human Care Hospital** - This 25 bedded Hospital has been registered with the health ministry of Delhi Govt. Through this Hospital we are providing medical facilities to patients in dire need and people of the surrounding areas for the last 10 years. Many people have benefited through this Hospital. We are also providing free Ambulance services for needy people in our neighbourhood.
- ❖ **Star India Training Institute Building.** In this Institute we are giving Computer training, Management training and career training to needy youth of ourneighbourhood. For the ladies, we are giving training for making sanitary pads, working as a beautician, art and crafts, and Masala Making, so that they can earn money and support their families.
- ❖ **City Computer & Education Hub**– supported by Selvi – this centre is for the students of Prem Dham. We hold English classes, braille computer training for the blind students, and show motivational films for students, specially on Saturday.
- ❖ **DAFFPLE Computer Institute**– It is being run in collaboration with Delhi Aviation Fuel Facility Private Ltd.,our sponsors. NIT provides the faculty for this Institute. Here also we provide computer training to Prem Dham's residents and students from surroundings areas. We also hold management classes and help them with job placements.
- ❖ **Medicine Bank**– this was started when we received a call from a patient who needed diabetes medicine, and amazingly a few days later someone gave us medicines for diabetes, which he no longer needed. This made us realise that we could help people by circulating these medicines. We started collecting medicines from nearby hospitals and doctors and the general public. We have formed a Medicine Bank and from here we distribute these medicines further to those who need them.
- ❖ **Karuna Dham**– a home for abandoned women – they are brought here by the police and by concerned members of society. We take care of their nutritional and health issues. When they are ok, we send them home, after speaking to their families or we continue to look after them. Even when they reach home, we keep checking about them.

- ❖ **Apna Parivar** – home for boys at Burthal, near Bijwasan. This was started in 2003. Many boys live here and study in a private school nearby.
- ❖ **HIV AIDS project** – we support over 300 HIV AIDS Patients – by giving them medicines, holding medical camps, health awareness camps, and occasionally by giving them clothes and nutritious food.
- ❖ **Blind students project**– in the City Computer Training centre we hold special classes for the blind – in Braille training, computer training and self-help classes.

### Projects Outside Delhi-

- ❖ **Naukuchitala Silai Centre**– 135 students have got training so far – and have learnt how to make a living for themselves.
- ❖ **Leprosy Camp – Jhansi** – Teachers teach the children of leprosy patients and we provide good nutritious food from time to time, and stationery and other gifts,
- ❖ **Bihar** – here we have a school for children whose parents perished during the floods. They are taught free and then sent to bigger schools.
- ❖ **Jharkhand** – Leprosy colony and school for the children. We send clothes for the women and men and school items and clothes for children.
- ❖ **West Bengal**– Cloth project – blankets and clothes are distributed during winter

**Vision comes true  
A glimpse of the past of 35 years**

**About us**

The seeds of Human Care International (HCI) were sown by a young boy, 16 years old when he received his purpose and mission of life from the Creator of heaven and earth in the year 1984. Br. R.K. Massey had been living alone without any hope for the future, because he had lost his mother when he was only 10 months old and after that he was cared for by his spiritual grandmother. However, when he was 13 years old, he also lost his grandmother who had been his guide and motivator. Thereafter, he was confronted with insurmountable torment when soon after that he lost his 46 years young father.

**New HCI is a Big Tree**

Through our Organisation we have served thousands of children of leprosy patients, orphans, street children, destitute women brought to us by the police from the road side, HIV/Aids patients and their children, the blind and their families, widows, senior citizens, and other sick and needy people, since the last 35 years.

**Mission Point, R K Puram, New Delhi**

**Jeevan Deep Kusth Ashram, Mohan Singh Market, R.K. Puram, New Delhi.** This great humanitarian work was started in R.K. Puram under the shadow of a tree near SBI Bank in front of Mohan Singh Market with three leprosy patients. There has always been a

notion that leprosy is a contagious disease and they are untouchable. In the year 1984 our Heavenly Father called me, Dr R.K. Massey to serve them. Since then our organisation has provided these affectionate people with medicines, bandages, love, care and affection; from time to time we provide them nutritious food and clothing for winter. Gradually, we realised that for these residents of Jeevan Deep Kusth Ashram their only source of livelihood was begging. For them, this was their compulsion and necessity. I deeply felt and saw with my own eyes their agony and pain. Watching them beg was very painful for me, my keen desire was that they should not continue begging but learn to stand on their feet. Therefore, we helped them open barber shops, tea stalls, tailoring centres, and provided them with cycle rickshaws so that they may earn for themselves.

### ***Vision of Education for children of leprosy patients***

When leprosy patients went out begging, their small and beautiful children also learnt the same. This was also very painful to watch because their children were living in darkness and without hope. Hence, I worked hard and seriously towards their education because I realised that education is the light to take away their darkness.

**Najafgarh-1995.** No School was willing to give them admission because of their stigma. Since they belonged to a family of leprosy patients, schools believed that they were carrying a contagious disease. Thereupon, I decided to open a school these children. I started looking for a plot of land here and there. Providentially, one day a person came to me in the year 1994 and offered a piece of land in Najafgarh, in a deserted and remote area, which I purchased in 1995. It was an unknown place for me, but I knew this was the start of a great initiative.

***First Building of New Life Charitable School cum Hostel***

**NLC & PREM DHAM 1996**

The foundation stone of this ***New Life Charitable School*** was laid by Shri B.B. Sahny (Chairman of DSE) along with me and several other prominent people on Children's Day, 14th November 1996. With great difficulty, and due to scarce resources, only two rooms were constructed, with asbestos sheet roofs, no toilets and no washrooms.

***The School was started with 12 children of leprosy patients***

The School cum Hostel started in the year of 1997 with 12 children from Jeevan Deep Kusht Ashram, R.K.Puram, New Delhi. Thereafter, Shri K.L. Sharma Ji, Member of Parliament and the then National President of BJP Inaugurated our school on 9th May 1998.

### ***The Aim of our School***

We prepare for our students through NLC School, and after that our children take admission in other respectable schools in the Najafgarh area.

### ***Students of New Life Charitable School, Najafgarh***

### ***Special Thanks for Shri Pritam Rishi***

I have no real brothers and sisters, but God has given me supporters who are much more than real brothers and sisters. One of them is my brother, Pritam Rishi. He is the Managing Director of Goodwill Public Sr. Sec. School. He is a man with a great heart and is always ready to help every needy person without any discrimination. Hundreds of my children are studying and have studied in his prestigious school. So many of them have completed their education and their higher education. Today they are standing on their feet and are holding very good jobs. He has graciously never charged my students any fees, and we are always grateful and thankful for that gesture on his part. He has always stood by me through thick and thin, my happy and my difficult times. May God shower His manifold blessings upon him and his amazing family.

## MESSAGE

My Dear Bro. Massey,

My Hearty congratulations to you for bringing out the souvenir. I sincerely hope it opens the eyes of many of our countrymen to see the tremendous service you are doing to children, adults and people with multiple needs. Many parents get thoroughly stressed with one child but you have 200 children of the lepers, along with many mentally and physically challenged. You have mentally retarded and old aged people. These children of the lepers and other physically and mentally deformed which are rejected and treated unkindly by the by the Indian society. In you the love of the Lord Jesus Christ and compassion for rejects of the society is seen in a practical way. I do pray for you that our living and loving God may not only provide all your financial needs but give you committed and self sacrificing godly people and divine wisdom to manage and prepare the children even for future vocation and life. ' Yours is a tremendous task of faith, feeding a guest three meals a day only for a week puts a great strain on the people, but for you it is not a week but a life long occupation where provisioning of preventive and curative medical help clothing and education is involved. The Lord Jesus Christ has clearly said the words He will speak on the judgment, "Then the king will say to those on his right, come you who are blessed by my Father; take your inheritance, the kingdom prepared for you since the creation of the world. For I was hungry and you gave me something to eat, I was thirsty and you gave me something to drink, I was a stranger and you invited me and when I needed clothes and you clothed me, I was sick and looked after me, I was in prison and you come to visit me. Then the righteous will answer him, Lord when did we see you hungry and feed you or thirsty and give you something to drink? When did When did we see you a stranger and invite in you in or needing clothes and clothe you'?, Then the king will reply I tell you the truth what ever you did one of the least of these brothers of mine, you did for me." Matthew 25: 34-40

Only a man, chosen by God can have this view point in serving. Others do things for their own sake. I pray that our Lord Himself may be your strength, your shepherd, your wisdom and righteousness.

With Christian Love,

## ***Prem Dham Building No 1- Foundation of New Life Charitable School and Prem Dham***

This hostel is a place for daughters of leprosy patients, orphans, street and abused girls. We have been providing them the basic facilities, mother and fatherly love, education, health, and a family environment and hope for future from the year 1997. This hostel was initially started especially for children of leprosy patients with 12 children from Jeevan Deep Kusth Ashram, R.K.Puram, New Delhi. It was a tough situation because there were no good facilities available and we faced many problems such as no drinking water, electricity toilets, washrooms, and security. But God blessed us with his blessings through great people and our well-wishers.

I want to share my joy with all of you. I play with my small children who belong to leprosy patient's families. People don't even want to touch them, but here they complete their education, get higher education diplomas and degrees like BBA, MBA, Nursing and Computers. These small children grow to become young and smart and are now working in different companies and fields. Approximately 673 girls have completed their education and have learnt to stand on their feet.

Another greater joy for me is that these very children who played in my lap have now got married and raised their families and their second generation is now playing in my lap.

## ***Prem Dham Building No 2***

Our 2nd Prem Dham is a House of Love. This home for boys since 1998 is a place of love and provides quality education, a family environment, hope for the future, and sports activities. Approximately, 480 boys of leprosy patients, street children, orphan children brought by the police from the roadside have completed their education, higher education, diplomas and degrees such electrical engineering, BBA, MCA. Some of them have got married and now they have very good jobs and are getting good salaries and living a good life.

## PRESIDENT'S MESSAGE

Greetings,

Firstly and above all, I would like to thank my Lord Jesus Christ, that He gave this life to me. There have been times when I was deep into isolation and without any purpose in my life. During those moments I cried and prayed to Lord and asked about the purpose of my life. Then He showed his grace, manifested His unfailing love, and choosing me. He said, "I have chosen you and from now you will serve me" I asked Lord, "How can I serve you. How is it possible?" He answered me through His words (Matt 25: 40) that if you have served the least among the least, you have served Me.

Soon, after some time He entrusted this service to me, and His mercies overshadowed me. There were times of pain and sorrow, but He helped me and empowered me to shape Human Care International, commonly known as HCI.

Today by God's grace, HCI is serving thousands of members of our suffering humanity. In these years I have realised that no one can accomplish anything without the blessings of God. HCI is serving the people who are suffering from chronic diseases and others who have been affected by the natural disasters.

We are serving by crossing all the barriers of caste, creed, colour and ministering to people from leprosy patient's families, mentally challenged, HIV+, elderly people, abused females, street children, orphans and many others. We are also building bridges among the people so that we come to know one another and to serve each other in a better way.

These services are performed with the Grace of God Almighty, without any any regular support from anywhere, neither from Government nor from any Foreign Agency. These works are surviving on donations, support and prayer of concerned people like you.

We are moving forward to help people of this nation to the best of our ability because many people sleep without bread, die without medical care.

Prem Dham has been doing wonders for over 25 years and we are experiencing daily miracles in homes here. We are also progressing in our work in other states with the same zeal because there are multitudes of children, men and women living without hope.

If we really want to see our nation should forge ahead and literally be called 'Mera Bharat Mahan' then we must join hands with one another in this humanitarian cause.

## डर में खुशी

मैं जब 1995 में इस क्षेत्र में आया तो यह जगह बिल्कुल खाली पड़ी थी केवल खेत ही खेत थे 1995 मैंने यहाँ पर 500 गज का प्लॉट खरीदा था जब मैंने प्लॉट खरीद लिया और मेरे यहाँ पर आना जाना हुआ और 1996 को हमने यहाँ पर शिलान्यास किया और जब मैं यहाँ नजफगढ़ क्षेत्र में कुछ लोगों से मिला तो मुझे बहुत ही डरा दिया कि आप बहुत ही गलत जगह फंस गये इस गाँव के लोग बहुत खराब हैं वे एक दिन आपको मार डालेंगे यहाँ हमेशा गोलियाँ चलती रहती हैं तो मैंने उनसे कहा कि अब तो मैंने जगह ले ली और यही पर एक स्कूल बनाऊंगा जरूरतमन्द बच्चों के लिए। लेकिन मैं डर में जीता था कई बार दिल में आया कि मैं यहाँ से छोड़कर भाग जाऊं लेकिन परमेश्वर मेरे साथ रहा मैंने कहा अगर परमेश्वर की इच्छा यही है कि उसकी सेवा करते-करते मर जाऊं तो यह मेरे लिए बहुत ही अभिमान की बात होगी। लेकिन जब मेरी मुलाकात यहाँ के लोगों से हुई तो मुझे काफी अच्छा लगा भाषा कई बार अच्छी नहीं लगती थी क्योंकि वे लोग तू शब्द का ज्यादा इस्तेमाल करते थे जो मुझे कई बार अच्छा नहीं लगता था क्योंकि मेरा बचपन साउथ दिल्ली में बीता था, वहाँ पर ऐसी भाषा कम बोलते थे लेकिन एक दिन मैं गाँव में एक परिवार में था तो उनका बेटा आया और अपने पिताजी को कहने लगा कि तू अड़े के कर रहा है मैंने उससे कहा कि आपको शर्म नहीं आती जो अपने पिताजी से ऐसे बातें कर रह हो तब उनके पिताजी ने मुझे बताया कि नहीं मैसी साहब यहाँ की भाषा यही है। तब मुझे पता कि ये तो प्रेम की भाषा है।

इसके बाद मेरी मुलाकात देवेन्द्र भाई से हुई जिन्हें प्रेम से देव कहते हैं मुझे उनसे मिलकर बहुत ही अच्छा लगा वह हमेशा मेरी मदद करने लगे और आज वह मेरे छोटे भाई के समान हैं इसके बाद मेरी मुलाकात हमारे पड़ोसी श्री नरेन्द्र अंकल से हुई जो हमारे पड़ोसी हैं उन्होंने बहुत ही प्रेम करने लगे यहाँ पर बिजली की बहुत बड़ी समस्या थी उन्होंने अपने ट्यूवल से हमें बिजली की व्यवस्था करके दी और हमेशा पूरे मन के साथ आज भी हमारे साथ हैं मैं उनका बहुत ही आभारी हूँ इसके बाद मुलाकात गाँव के अन्य लोगों से हुई धीरे-धीरे पूरा गाँव मेरा अपना घर बन गया सभी गाँव व क्षेत्र के लोग अपनी खुशियों बच्चों के साथ बांटते थे सूरजमल प्रधान जी जो इसी गाँव के रहने वाले थे उन्होंने मेरी 100 गज का प्लॉट देकर की इसके बाद सभी गाँव के लोगों ने मेरी हर संभव मदद की भाई भरत सिंह जो हमारे क्षेत्र के विधायक थे उनका व उनके पूरे परिवार का भरपूर सहयोग मिला और आज भी मिल रहा है। मैं अपने पूरे दिचाऊँ गाँव एवं नजफगढ़ क्षेत्र के सभी भाई बहिनों का दिल की गहराई से आभारी हूँ।

## मेरा देश एक सुन्दर बगीचा है

डॉ. आर.के. मैसी जो कहते हैं वो करते हैं। चाहे उसके लिए उन्हें कितना ही कष्ट उठाना पड़े। वे कई वर्षों से कहते आ रहे थे कि मुझे अपने देश के तिरंगे को प्रेमधाम के पास लगवाना है ताकि जब तक मैं जिन्दा रहूँ तब तक सुबह उठकर अपने तिरंगे को देख सकूँ और उन्होंने ठान लिया कि मुझे अपने देश का झण्डा स्थापित करना है। उसके लिए उन्होंने बहुत ही कड़ी मेहनत की। पैसों का इंतजाम किया। झण्डा लगाने वालों को ढूँढा और आर्डर कर दिया और उनकी मेहनत रंग लाई और 15 अगस्त 2018 को पार्क में 101 फूट ऊँचाई वाला झंडा फहराया गया। झंडा फहराने के लिए उन्होंने मेजर जनरल मुरगई (t) को बुलाया, इसके अलावा बहुत ही बड़ी संख्या में देश सेवा में समर्पित रहे फौजियों को बुलाया इसके अलावा बहुत ही बड़ी तादात में क्षेत्र के लोग उपस्थित थे, जिनके मुख्य प्रो. किरण वालिया पूर्व मंत्री, श्रीमती नीलम पहलवान निगम पार्षद, श्री महेन्द्र शर्मा ब्राह्मण समाज के अध्यक्ष श्री धर्मवीर जी, श्री प्रीतम ऋषि, श्री कृष्णोफर भट्टी के अलावा भारी संख्या में मीडिया एवं समाज सेवी उपस्थित थे। उस दिन कुछ ऐसे लोगों को जिन्होंने समाज में बढ़-चढ़कर काम किया उनको सम्मानित किया सभी फौजियों को मेडल डालकर सम्मानित किया।

Past President-Delhi Stock Exchange  
Chief Patron

Everything starts from a seed which ultimately blooms. We do not understand from the seed, but when it grows and starts blooming, it spreads its fragrance and beauty, and the world starts loving it.

Such a seed was sown by Shri R.K. Massey, a saint in behaviour, thinking and belief, which has developed in the form of "New Life Charitable School" (for Children of Leprosy Patients), Prem Dham (for mentally retarded, discarded children and old patients), under the able guidance of "Human Care International" society.

God has created us not to live and enjoy ourselves only but also to repay in the shape of giving love, affection and caring to down trodden, who need it. This institution has grown tremendously under the control and dedicated guidance of its Founder President Mr. R.K. Massey and the children learn to live in community and get a good education. Its strength has increased to 112 from a mere 12 in 1998. I whole heartedly congratulate them for managing such a good institution and bringing out a souvenir on the occasion of our Founder's day of the school called "BACHHE DESH KI BUNIYAAD HEIN." Here the children learn and gain confidence, and develop a national spirit to live a bold and courageous life, to become good citizens of our country, I wish them all success and a good and bright future.

Dear Massey

I have seen the efforts by Human Care International that have made great transformation in the lives of many. We are all very grateful to them for providing succour to many in their laudable efforts.

It is most heartening that the social workers are primarily volunteers, many of whom have given up their careers to give back to the society the time, energy and skills for the up-liftment of those who need to move up the social hierarchy. By their direct interaction with the target groups, they make the difference between success or otherwise of any programme. These devoted persons are the true inheritors of the legacy of Mather Teresa. We must all salute them for the yeomen's service being provided by them.

I am very happy that Human Care International has chosen to honour such people. I feel privileged to associate with them and congratulate them on their awards. They should provide inspiration to those who have the capability for making contribution. Best way to do that is to emulate them.

I wish all the success to Human Care International in its future endeavours.

With very kind regards

Your sincerely,

मेरे पिप पाइयो बहनो एवं सभी समाज सेवी साधिवों मेरा पूर्ण विश्वास है कि आपका हृदय देश प्रेम व मानव सेवा के लिए भरा हुआ है, लेकिन बेटियों के जिना यह संसार अपूरा है क्योंकि बेटी घर की शोभा होती है वह घर की गर्मी होती है! बेटी ही घर की जन्मी होती है! जहाँ पर बेटियाँ पसी होती वहाँ अन्धेरा होता है उसी अंधेरे को ज्वालने में बदलने के लिए बेटियाँ बहुत जरूरी हैं। इसलिए नजफगढ़ के सभी क्षेत्र वासियों ने ठाना है हमें मिलकर बेटियों को बचाना है और यह संदेश जन-जन तक पहुँचाना है। इसलिए आप सबसे अनुरोध है कि आप सभी मिलकर इस मुहिम को सफल बनाएँ और बेटियों को बचाएँ।

This house is dedicated to the service of destitute women picked up from the roadside in a very pathetic condition by the police. We serve them with love and like our family members, and we provide them with all medical facilities, healthy food, lodging, clothes, counselling and other all basic needs of life. Many women came in very bad condition, but we have helped them heal and become stronger and happier. They told us about their family members and their homes, and for many we have contacted their families. We have counselled their family members and helped to rehabilitate them once again in their homes. We keep checking up about them so that they are not mistreated again. ## *Special thanks to India Today*

Human Care International is very grateful to our Lord Almighty that he provides us with some very dynamic, large-hearted, intellectually wise and philanthropist personalities. They have the vision for the growth of India. One day, one of these great personages, Shri Balaji Singh visited one of our projects, Prem Dham, a unit of Human Care international. Truly, he was full of compassion for the needy children who lived there. I shared my burden with him that I have a keen desire to give them a wholesome diet like milk to my children so that they may grow up properly and healthy. He gave me a patient hearing, and he was moved in compassion and assured me that he would share my thoughts with his higher authorities for their kind consideration. As a result of hard work and concern for children through Shri Balaji Singh, we started getting of milk every day through a great personality, Madam Koel Purie. This continued for a couple of years. It was a great help to us, the Prem Dham Family. Beside the above, we got several other supports like stationery, textbooks, toys for our children through Care Today Couch Cares Fund. They honoured me with a great felicitation to me On the foundation day celebration of India Today I was honoured by them at the kind hands of an eminent personality, Shri Aroon Purie, Founder Editor of India Today, along with other dignitaries.

## Functions Organised On Leprosy Day

We began our journey by serving leprosy patients and educating their children. Since the last 35 years we have organised several Leprosy Day functions, where we invite dignitaries and VIP's. It is a very special day for leprosy patients because our chief guests and other prominent people honour the leprosy patients by garlanding them, and the leprosy patients also garland our guests. In this manner, we try to build a relationship and remove the stigma of untouchability and the social boycott that these people encounter constantly. This also helps to boost their morale. On this day we also provide them with items such as blankets, clothes, utensils and other necessities for their families.

**Heaven and Earth together:** One day something spectacular happened during our Leprosy Day program. We had invited hundreds of leprosy patients and on that occasion our chief guest was the former Chief Justice of India, Justice Y.K. Sabbarwal Ji. He honoured the leprosy patient by garlanding him! It was beyond our expectation at that time and great happiness and joy could be seen on the face of the leprosy patient, who in turn garlanded our Chief Guest.

मेरे प्रिय भारत वर्ष परिवार के सभी सदस्यगण एवं सभी समाज क्षेत्रों में सेवा कार्य करने वाले मेरे साथियो आपको अपने प्रिय भारत वर्ष की 71वीं आजादी की वर्षगांठ की ढेर सारी शुभकामनाएं।

मेरा भारतवर्ष एक सुन्दर बगीचा है जिसके अंदर आप सभी तरह तरह के खुशबूदार फूल हैं और जब सुंदर फूल एक साथ गुलदस्ता में सजाये जाते हैं तब एक बहुत ही सुंदर और खुशबूदार गुलदस्ता बन कर तैयार हो जाता है और उसकी खुशबू से पूरा परिवार महकने लगता है और सभी उस खुशबू से जो उन फूलो से निकलती है आन्नदित होते हैं और उनके चहरे पर एक खुशी छलकने लगती है।

आज हमें अपने भारत वर्ष को सुंदर, खुशबूदार व महकता हुआ बनाने के लिये एक साथ कंधे से कंधा मिलाकर कार्य करने का सकल्प लेना है। ताकि जो फूल किसी कारण वश मुरझाये हुए एवं कमजोर हैं वो खिल उठें मेरे सभी साथियो एवं देशप्रेमियो मेरे दिल की यह भूख है कि मेरे देश में कोई भूखा न हो, मेरे देश में कोई नंगा न हो, और मेरे देश मे कोई इसलिए न मरे कि उसके पास दवाई के लिये पैसे नही थे न ही मेरे देश में मेरी बेटियाँ, बहनों, माताओं एवं और किसी के साथ अत्याचार हो। तभी मेरा देश सुन्दर बन सकता है।

हमारा भारत वर्ष एक देह के समान है जब हमारे शरीर का एक अंग कष्ट में होता है तो सारा शरीर कष्ट में होता है इस लिये आइये एक दूसरे के सहयोगी बन एक दूसरे को प्रेम करें और अपने देश को आगे बढ़ा कर महान देश बनायें। क्योकि हमारा देश हमारा एक परिवार है और वह भी सबसे महान है।

## ***Shiksha Swastha Sanskar Scheme***

### **SHIKSHA,**

Education is very necessary for every child and for adults, because education brings light into their lives. Education opens our mind and teaches us how to choose between right or wrong. School teaching is mainly bookish, but our students need overall education, such as family education, knowledge about the Indian culture, sex education, moral education, teachings about patriotism, how to deal with other people and specially how to honour the elders of the family and household. Without right guidance, our families are falling apart, most of the children do not pay proper respect to their parents and elders of the family. We are very concerned about this situation. That is why our organisation is working on this Scheme to teach them how to respect and honour everyone.

### **SWASTHA –**

Today we are living in a very fast-paced world. Everybody says I have no time, I'm very busy and all of us want to become rich overnight. This is the reason why we are living in tension and losing our happiness, our joy in our family and are suffering with several ailments and infirmities. We have organised many medical camps in schools where we have found most of the children are anaemic, under-weight and unwell due to bad nutrition. Hence, we are teaching them about how to maintain good health. We are also counselling parents about what type of food should be given to their children.

### **SANSKAR - (Culture)**

Our Indian culture emphasises Athithi Devabhaya and unity in diversity. We repeat this expression with a heavy heart, because we recall our student days when we held our Guru Ji in the highest esteem, even more than our parents. But between the present day's students and teachers, this relationship has broken down. This has happened due to the generational gap and a change in attitude and behaviour. We would like to help them and guide them towards a better way of thinking.

## Old is Gold

Our Organisation Human Care International holds programs to felicitate our Senior Citizens with our project known as Old is Gold. This project is dedicated the elderly people to honour them and to talk to them about their problems relating to health and emotional issues. We spend a lot of time with them to understand their pain and basic needs. Many old people lead a very lonely life and they need someone to talk to them and listen to their pain and sorrows. We try to give them joy and happiness. With this program we realised that we have also learnt many things from them while we were taking care of them.

Our Organisation has great regard for Senior Citizen People that is why we organised old is gold program time to time for honour them

## मानवता का देवता

डॉ. आर.के. मैसी

इस संसार में लोग आते हैं और चले जाते हैं। मगर एक कामिल इंसान और देवता का मकाम उन्ही को मिलता है जो कमजोरों, गरीबों और समाज के पिछड़े व बेसहारा लोगों का सहारा बनते हैं। इन्ही महापुरुषों में से एक **Human Care International** के बानी डॉ. आर.के. मैसी हैं, जिन्होंने मशहूर जमाना समाज सेवी मदर टैरेसा के तरीके पर चलकर समाज के दुखी, गरीब, बीमार, मैले-कुचैले, झुगगी व झोपड़ी में रहने वाले हिन्दुस्तानियों और उनके बच्चों के लिए जिस आश्रम की बुनियाद डाली वह तमाम भारतवासियों के लिए एक मिसाल है जिसमें डॉ. मैसी हिन्दू मुस्लिम सिख व ईसाई बच्चों को बिना किसी धर्म व जाति भेदभाव के शिक्षा प्राप्त कराते हैं और उनको भारत का अच्छा नागरिक वफादार और सेवक बनाने के लिए हर प्रकार की सुविधा मुहैया कराते हैं और समाज सेवा की ट्रेनिंग देते हैं। डॉ. मैसी का अकीदा और आस्था है कि समाजिक इंसाफ हमारे संविधान की रूह है। संविधान की मंसा है कि कोई भी नागरिक चाहे वह किसी भी धर्म व जाति का हो। भारत के दूसरे नागरिकों से पीछे न रह जाये वरना देश पीछे रह जायेगा।

पश्चिमी दिल्ली क्षेत्र को ऐसे किसी एक समाज सेवक की जरूरत थी जो लोगों की समस्याओं पर बेखौफ होकर बोल सके जिसे दीवानों की बढ और चौधरियों का रौब व जलाल दबा ना सकें। क्षेत्र को मुराद मिल गई और मिल्लत को मसीहाई मिल गई।

मुझे मालूम है कि डॉ. मैसी को इस समाज सेवा के बदले में मुखालफिन और हासीदों की तरफ से बड़ी कठिनाईयाँ व परेशानियाँ झेलनी पड़ी है। उनके खिलाफ साजिशों की गई उनको फ़ैल करने और काम से रोकने की कोशिश की गई। मगर मेरा यकीन है कि समाज सेवकों और मानवता के देवताओं को तो इन मंजिलों से गुजरना ही पड़ता है। तभी तो ये मोती बनकर निखरते हैं और इनके हौंसलों को नई ताज़गी और राह रोशनी मिलती है।

“मुद्ई लाख बुरा चाहे तो क्या होता है, वही होता है जो मंजूरे खुदा होता है”

मैं दुआ करता हूँ कि खुदा डॉ. मैसी को हर बुरी नजर से बचाए और इसी तरह समाज सेवा करते रहने का हौसला अता फरमाए।

आपका शुभचिंतक

(डॉ. एस.डी. कासमी)

## *An outpouring*

My first meeting with a boy dates back to the time when he was in a leprosy camp in R.K. Puram. He was nursing the foul smelling, open wounds of leprosy patients and giving them something to eat. I stood at a distance admiring him and his mission. Years later I called him on the phone saying that I want to meet him. His laconic response was, “come, most welcome. I went to meet him. There, I was confronted with a veteran employee who asked me, “how come you are here, don't you have your own children to look after you”, my reply was “I have been sent”. “I listen to the biddings of my conscience” and the dialogue ended. This is not a place where there is scope for merry making. It is a place for serious work. It is a rigorous life and requires self-discipline. Lots of work to do, rising early in the morning and keeping awake till at night. There is a banyan tree where all can rest awhile and thank God.

Here you will find many children moving around and a host of other people. These children go to school learn morals, study and learn discipline. I identify myself as a shadow hovering around the centre point. If somebody asks my nickname, it is Prabhu Das. I'm an avid reader and a prolific writer incognito. Whatever you see now is all had a very humble beginning. This was a deserted place, now you can see so much habitation, a temple of God. You can see a manifestation of God because God himself says if you serve the least of the least you serve me. The fragrance of this organisation has spread around our motherland India. That young boy who I have mentioned earlier, I am happy to clarify that he is Dr R.K. Massey, Founder President of Human Care International. He is a man of faith, integrity, a man of compassion and a tireless worker. His routine is that he rises early in morning and works 18 hours a day. He is himself an organisation, working ceaselessly with a great sense of patriotism. I have had the privilege of working with the then Prime Minister, Madam Indira Gandhi, for 25 years in Parliament house. But now I am part and parcel of this great organisation for more than three decades. I am also happy to add that I was the first General Secretary of Human Care International. Now I am 83 years old and staying in Royal Palace, a unit of Human Care International and my blessings are with Dr Massey for his continued service of humanity. May God shower His manifold blessings on him.

Bro. Massey is eligible if we call him the second mother Teresa, or call him Father Teresa of this age. He is known to me for many years, and he is so close to my heart as if we have grown up together. He established an abode for abandoned children, & poor and helpless people of the society. He is always ready to help everyone without worrying about caste and creed. He also appreciates those who are working for the national integration and national similarity of mankind. He has also honoured me in a grand celebration. He selected me for this good job, although I do not deserve this great award from his organisation. His institution has completed twenty-five years, and a silver jubilee celebration is being held this year. I congratulate Dr. Massey for his good efforts. He works tirelessly all day and I pray for him. May God give him more courage and success in his life.

***In gratitude - compliments from a grateful daughter  
- Dr Sara Massey***

Firstly, I want to thank God for his faithfulness with my father. And also, my father who has been equally faithful to his heavenly father. God gave him the mission to serve the least of least and the untouchable community at a very young age. His life is totally dedicated for others. He never gives up and never loses his confidence. He has always taught us high thinking and the true values of life and has always tried to build a moral and good character of every person. He has never looked back and always moved forward steadfastly. Climatic conditions could not deter him from performing his mission, like severity of winter, scorching sun and pouring rain. He is always determined to hit his targets. He never looks for any comfort and joy of life to the extent of neglecting his own health.

He is at work tirelessly, working eighteen hours a day because he has a great sense of patriotism and love of motherland of India. He has faced a lot of setbacks with the loss of my mother at a very young age, and after this irreparable loss he was depressed and frustrated for a long period of time. But he recovered by the grace of God. At that time, I was only two-year-old and my elder sister Priya Didi was 7-year-old and my brother Ashish 4-year-old. But my father never made us feel the vacuum of our mother. He gave us love and affection of both father and mother. Today I'm a Doctor and all my achievements are due to my father. He is my only motivator and my real true friend. My heart-felt thanks go to all friends, motivators and supporters of my father. May God shower His choicest blessings from heaven upon all of them.

## बहुमूल्य उपहार

मैं परमेश्वर का धन्यवाद करती हूँ कि मुझे यह अवसर मिला कि मैं परमेश्वर के दिए हुए एक बहुमूल्य उपहार के बारे में कुछ कह सकूँ, वो हैं मेरे पापा जी डॉ. आर.के. मैसी, जिन्होंने हमेशा अपने आपको दूसरों की सेवा में समर्पित किया, जिन्होंने हमेशा हमें सिखाया कि हमें मोमबत्ती की तरह खुद को जलाकर दूसरों को जो अंधेरे में हैं रोशनी देनी चाहिए। मैंने बचपन से देखा है कि पापा जी ने कैसे लोगों की सेवा की है, भूखों को खाना सिखाया, वस्त्रहीनों को वस्त्र पहनाएं, कुष्ठ रोगियों के घाव साफ किए उनका इलाज करवाया, उनके बच्चों को अच्छी शिक्षा देकर पैरों पर खड़ा किया, अत्याचार सहती महिलाओं को बचाया, घर से निकाले माता-पिता को आश्रय दिया और भी अनेक काम किए। मेरे पापा जी हमेशा से Super Hero रहे हैं। He is the Best in Whole World.

कभी अभिमान तो कभी स्वाभिमान है पिता,  
कभी धरती तो कभी आसमान हैं पिता।।  
जन्म दिया है अगर माँ ने,  
जानेगा जिससे जग वो पहचान हैं पिता।।  
कभी कंधे पे बिठाकर मेला दिखाता है पिता,  
कभी बनके घोड़ा घुमाता है पिता।।  
माँ अगर पैरों पे चलना सिखाती हैं,  
तो पैरों पे खड़ा होना सिखाता है पिता।।

धन्यवाद

Brother Massey is doing a very honourable job in running the charitable Home "Prem Dham" Ashram at Dichau Road, Najafgarh, New Delhi.

Over the years the "Prem Dham" Ashram has faced many adverse challenges but it has stood up with courage. We have many unfortunate children in the country. The "Prem Dham" Ashram is doing its best to nourish and educate such children in the true spirit of a Christian life.

We pray to the Almighty God speak to many more people who can come forward and uphold the Charitable Home not only in prayers but through material help.

May the love, protection and guidance of the Lord Jesus Christ be with Br. Massey and the "Prem Dham" Ashram inmates always.

## ***Apna Food Bank - A unit of Human Care international***

This concept came to my mind due to two incidents that I observed.

The first incident was when I read in the newspaper that three small girls had died in Delhi due to hunger. When I read this news, I was very upset because I realised that if they had been living in Prem Dham they would not have died without food.

The 2nd incident came my way when I was sitting on the railway platform in New Delhi, at noon time. I had eaten my lunch and went looking for drinking water and saw a teenager boy, a rag picker who had picked up a plastic bag. He found food inside it and began eating it. I rushed to him and prevented him from eating that food. I said to him, “ my son, please do not eat this food, this is not good food, you will become sick.” Thereupon that beautiful child replied, “Sir, I'm hungry”. That incident was very painful for me and I cried with remorse. I felt that I could have given him my food.

The 3rd Incident came my way one day when I was crossing the dirty canal (Ganda Nala) I saw a tempo carrying food which was being thrown into the drain. When I went and inquired why they were doing so, they replied that it was surplus food, left over from a function and they were disposing of it in the canal. That is when I decided to start a Food Bank to give from the plenty to those who had none. Purpose of Food Bank. We are asking for surplus food, wherever it would become available, to be given to us so that we can provide food to those who need it. Our supporters in food Bank. Party caterers, kitty parties, Hotels, Malls, Organisation, like-minded people and others who understand the need to do this. We feel that by becoming the conduit between those who have surplus food and those who have none, we shall be helping many destitute people.

***Appreciation from International Guest for  
the work of Human Care International  
through its different projects***

I have my own personal experience relation to Dr. Massey about his work for the suffering humanity and this is indeed very laudable. I found him to be a very zealous and hard-working person, whatever he says, he does it. There is no hypocrisy about his working. Service of suffering humanity is extolled above all other services rendered by man. I have had along-time experience with him and found him truthful and trustworthy. Such people are rare and exceptional, they have certain inherent qualities in their hearts.

I love all the children of Prem Dham family, they are so pretty and so lovely with a bright future awaiting them. They need our love, affection and support. Me and my husband Marcello have given our love to Bro. Massey and his children from a close range for a long time. All the children will always remain

in my heart because I found him to be an extraordinary personality. He has zeal, energy and a keen desire to serve the downtrodden, specially the untouchables. He is a human being with a heart bubbling with a desire to help children to grow to their greatest heights through education, training and culture. I would like to do so much for them.

**Ms. Tania Casto**

It was my good luck to visit India a wonderful country along with my team of Doctors. We took the assistant from Dr. R.K. Massey a philanthropic and social worker par excellence. He managed to hold a number of medical camps in a different places and leprosy colonies. We could know that people are really suffering for want of assistance and compassion towards them we would like to do so much for them, God willing. My prayer and blessing always with Dr. Massey.

**Dr. Woo**  
Doctor from Korea

My visit to this children home accompanied with Mr. Vikram Sahny was an amazing experience. The children I had met are so adorable and they seem happy and normal on their faces. The buildings are great for the children, both the boys and girls buildings. I wish there will be a future project to have computer equipment and study desks in their rooms. The Hospital is clean and nice. I saw the equipment donated by DRGO was in excellent condition which could help many patients for many years to come.

## PRESIDENT'S MESSAGE

### Children are Foundation of the Nation

Let me first wish you a very Happy Christmas and a Bright New Year-2004. I pray that the coming New Year may prove very fruitful for you bringing health, happiness and prosperity to you and your family.

November 14, is observed as "CHILDRENS DAY" all over India in the loving and fond memory of our first Prime Minister, Late Pt. Jawaharlal Nehru. He was affectionally called "CHACHA NEHRU" by children. This has become very significant and historic. I want to tell you that children of this generation have a better I.Q. and understanding and they have the promise of a bright life. They can also prove to be the foundation and builders of the Nation. It is said that Child is the father of man. This is literally true as the qualities of a grown up

man are imbedded in children also, and come to light at the proper time. It is said that wherever Pt. Nehru went he was garlanded and those garlands he passed on to children when he met them on the way and they would become overjoyed. That type of love children expect from us also. There are talents, qualities, and curiosity in them. What they need is the support of some one like a gardener who looks after the flower beds and awaits the blooming of flowers in future.

One day Jesus was sitting among his people and he spotted certain children approaching Him but were being prevented by his disciples, so Jesus chided them saying: "Let the small children come to me for their's is the kingdom of Heaven.

I have seen a news item published in Newspapers dated 14th October, 2003 that two Indian youngsters namely, Satitva Agarwal and Vigyan Patmatta surprised the Scientists in NASA Aeronitical Institution in U.S.A. by exhibiting their talents.

Such type of talents are available and found in some children which includes the orphans, the disabled, the down-trodden and the children of leprosy patients also. They need our love and support. If they get it, they too can bloom in time to come as flowers to provide fragrance all over. For such children our organisation "Human Care International" is dedicated and hundreds of children are growing to find their legitimate place in life.

Let us rise to the occasion and above our limited conservative thinking and lend a helping hand to them so that we can make our Nation strong and prosperous and call our Nation "Mera Bharat Mahan" literally.
